

Child Development Center School

Department of Pediatrics
University of California, Irvine

Kindergarten Program

Does your child learn best in a small group setting?

Does your child struggle with self-control and sitting for instruction?

If your child will be at least 5 years of age by December 1, 2009, we have a program for you.

The University of California, Irvine Child Development Center (UCI-CDC) School will offer a Kindergarten program that includes regular education curriculum in a small group setting, supported with daily social skills intervention and behavior modification strategies.

To be placed on our interest list,
